TEACHING EXPERIENCE

Roosevelt High School – Portland, OR

Student Teaching Internship

Sept 2014 – Present

- Taught two sections of a dual-credit Pre-Calculus course and designed a work sample on logarithmic and exponential equations, incorporating student-centered activities, presentations, and a social justice lens
- Co-taught two sections of a project-based Algebra/General Science class
- Focused on assessment for learning, developing meaningful relationships with students, and connecting content with student context
- Participated in a university-sponsored teacher inquiry project that enacted culturally responsive pedagogies in an effort to disrupt traditionally oppressive educational systems and structures

EDUCATION-RELATED EXPERIENCE

David Douglas School District – Portland, OR

Tutoring Center Coordinator – David Douglas High School

Dec 2012 – June 2014

- Worked one-on-one with students in Math, English, Science, and Social Studies
- Coordinated tutoring center use with teachers and followed up regarding student progress and needs
- Determined efficiency of tutoring center through data and utilized resources to maximize its effectiveness
- Co-taught an after school writing work sample class for English Language Learners

Instructional Assistant – Community Transition Program

Sept – Nov 2012

- Helped students with special needs achieve academic, vocational, and independent living skills
- Worked with students one-on-one and in groups and assisted in supervision in the classroom and the community

Shaver Elementary School – Portland, OR

Instructional Assistant

Jan – June 2011

- Helped students improve their understanding of mathematical concepts
- Worked with teachers and instructional assistants to accurately assess students' needs and provided ideas for curriculum development and alteration

Oregon State University Math Department – Corvallis, OR

Math Tutor

Sept 2007 – June 2009

- Helped students understand material from their college math courses and prepare for upcoming tests and quizzes
- Worked with students to develop proper study habits
